- Clothes washer with proof of recycling - \$100

Terms and Conditions

- Your recycling receipt or confirmation number must be dated February 12th - March 15th, 2010. All applications must be postmarked by March 15th, 2010.
- You must be a New York State resident and the ENERGY STAR qualified appliance must be installed at a New York State residential address.
- Your new ENERGY STAR qualified appliance must be replacing an existing appliance of the same type.
- The new appliance purchased must be ENERGY STAR qualified. Look for the ENERGY STAR logo when shopping, or ask a sales associate for help.
- In order to receive the maximum rebate amount, you must recycle the replaced appliance. A receipt providing proof of recycling, including make and model of the replaced appliance, must be submitted with each completed application. For NYC residents only: Confirmation numbers from the NYC 311 hotline will also be accepted as recycling verification for refrigerators and freezers only. NYSERDA will contact the NYC DOS to confirm your recycling verification information.
- A maximum of one rebate per appliance type is allowed per install address. Consumers may submit up to 3 individual rebate applications for qualifying purchases. Individual applications should be submitted for each appliance purchase.
- This rebate cannot be combined with incentives offered by utility companies or municipalities. However, combining the rebate with manufacturer rebates or retail promotions is allowed.
- It is the sole responsibility of the customer to download, complete and mail in the rebate form and all required documentation by the given postmark date.
